

HYDRA REVOLUTION

2 MODELS

ELECTRONIC AND MECHANICAL

- Available from 15 to 29 kW
- The Mechanical version has one terminal block. All models are certified for copper wiring, while models from 15 to 24kW are also certified for aluminium
- For the Electronic version, all models are copper and aluminium certified
- Mounting bracket included for ease of installation
- Light weight
 - 15-20 kW : 60lb
 - 24-29 kW : 80lb

THE SMALLEST ELECTRIC BOILER IN THE MARKET

DUE TO ITS CONTROL CAPABILITIES, THE ELECTRONIC VERSION OFFERS HIGH ENERGY EFFICIENCY

HYDRA REVOLUTION

Electronic control

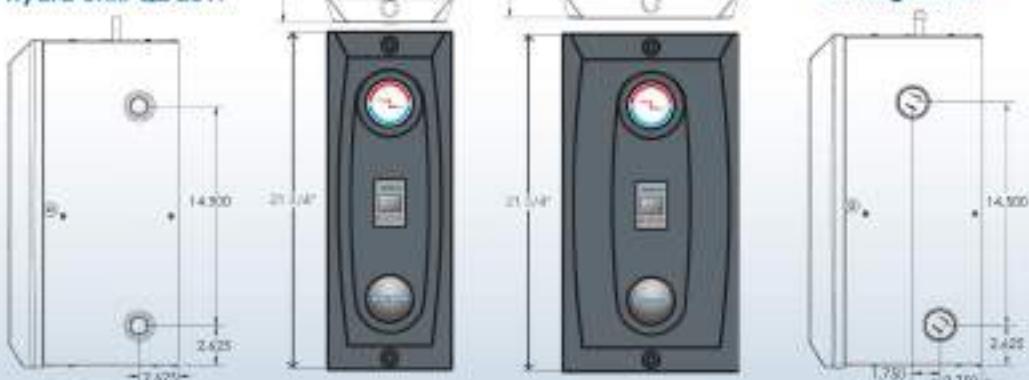

- Setpoint, water and outdoor temperature display
- Pressure gauge
- Solid state modulation (across all elements)
- Presets for four applications: baseboard, light, cast iron and mass
- Boost mode : addition of 10°F to setpoint for a period of 24 hours
- Displays outdoor and indoor temperature sensor failures, and defective elements' information
- The display shows past alarms and the time they occurred
- Integrated dual energy control
- Estimated electrical consumption display
- Circulator pump activated on heat demand, with off delay or continuous flow for temperature uniformity
- Adjustable high limit aquastat
- Outdoor temperature sensor

Installation options

The appliance offers five possible installation configurations

All measurements are in inch.

*The electronic model is represented.

MODELS							
kW	15	18	20	24	27	29	
BTU	51180	61146	68240	81888	92124	98948	
Electrical supply	240V/1/60 or 208V/1/60						
Mechanical version	1 wire & 1 breaker						
Electronic version	1 wire & 1 breaker		2 wires & 2 breakers				
Weight	27.22kg/60 lb		36.29 kg/80 lb				
Inlet/Outlet Diameter	Mechanical	1" npt		1 1/4" npt			
	Electroni	1" npt					

*120V required when a 120V pump is used.

Mechanical control by adjustable aquastat

- Double protection mechanical high limit
- Relay with timer card for a delay on the other elements
- Combined gauge for pressure and temperature
- Pump relay
- 2 stage
- 1 terminal block for all units
- 24" clearance in front
